

Strong Families Thriving Children

Town Hall: Friday, October 25, 2019 7:30am - 4:30pm

New Location: AWC Academic Complex Building Conf.

When families are strong and children thrive, the community prospers.

The prosperity and long-term success of our community depends on the healthy development of its children, who will become our future workers, decision-makers and leaders. Helping families and children to be happy, healthy and resilient benefits the community at large.

Arizona has the highest rate in the nation for the percentage of children birth to 17 years who have experienced two or more Adverse Childhood Experiences (ACE's).

ACE's are traumatic events that take place in children's lives before age 18 that harm their developing brains and bodies so acutely that the effects show up decades later.

Join local leaders as we explore opportunities to support Yuma County families and children. Families, individuals, churches, non-profits, government agencies, foundations, and businesses all can contribute to strengthening the health and the quality of life of our families and children. Your solutions and input will serve as our Yuma County voice for the upcoming Arizona Town Hall in November.

**Your participation is needed - reserve your seat today at:
Southwestarizonatownhall@gmail.com / 928-336-7976**

Meals provided at no cost with advanced registration. Limited to first 125 people.
